

WINTER IS COMING!

WHEN'S THE LAST TIME YOU HAD YOUR FURNACE CLEANED?

Soot build-up occurs in combustion appliances which can cause unsafe amounts of carbon monoxide to escape. Get your furnace inspected and cleaned by a professional today!

6-POINT CLEAN & TUNE SERVICE

Our Clean & Tune Service will get your unit running safely and efficiently.

Our local technicians can diagnose and service any make and model of heating and cooling equipment.

Ask us about installing a home air purifier to destroy viruses and harmful bacteria!

\$99* **6-POINT
CLEAN & TUNE

YOUR AC IS WORKING OVERTIME!

ARE YOU SURE IT CAN TAKE THE HEAT?

The most important thing you can do is have your system inspected and maintained annually by an HVAC professional.

5-POINT-PLUS SERVICE & DIAGNOSTIC

Our 5-Point-Plus Service will improve your air quality and save you energy!

Our local technicians can diagnose and service any make and model of heating and cooling equipment.

\$99* 5-POINT-PLUS SERVICE & DIAGNOSTIC

- 1 Wash and disinfect indoor and outdoor coils
- 2 Flush evaporator condensation lines
- 3 Check pressure and refrigeration levels
- 4 Inspect and clean all electrical connections
- 5 Lubricate motors

PLUS - We'll also inspect for leaks, check belts, clear the drain and remove debris from the blower compartment at no extra cost! Additional services available by request.

**Price before tax. Offer subject to change.*
